

Football Squares

[How Football Squares Work](#)

SPORTSBETTING3.COM

Away: _____

Home: _____

Square Winner

Quarter 1	Quarter 2	Quarter 3	Quarter 4

Home: _____

Away:											

1) Add Away and Home Teams 2) Put numbers 0-9 randomly in left column for the away team, then across the top row for the home team.

3) Distribute squares to players 4) Match last digit of each team's score to winning square for each quarter, half, or game.
